Leuven

Leuven is situated 20 km East of Brussels (Airport), located near the junction of two important motorways (E40/E314) and easily accessible by train.

The city owes much of its character to the numerous university college buildings dating from the 16th and 17th centuries. Leuven has always been a city of trade and is the home of the famous Stella Artois beer brewery. The city breathes history. With its many terraces, the Belgian cuisine and its many students, Leuven is more than lively.
